

Let's get Acquainted

-By Ruby Compton

MICHAEL and ANN MOULTON

Michael J. Moulton is presently Vice President of Moulton's Incorporated, the heavy duty machine store on North Main, Heber City.

Michael was born June 3, 1947 in the old Heber Hospital to Barbara and John Melvin Moulton. It was "touch and go" for both mother and baby for some time as Barbara suffered a ruptured appendix at that time; however, they both survived under the care of Dr. T.A. Dannenberg.

After attending the North School, Michael went on to junior high and senior high in the old Wasatch High School until his Senior year when the new high school opened. This was an exciting experience.

Michael was a good student and he loved to participate in many activities. He was Class President in his Junior year. He played the saxophone in the school band; and in his Senior year, he sang in the male chorus with ElRoy Van Wagoner as teacher. He took part in the first theatrical of the new high school. It was a production called "Red Mill Operetta."

He completed four years of Seminary having been taught by Jay Todd, now Managing Editor of Enzone; Rex Raives and Larry Call. All through his years of elementary through Senior High, Michael was expected to get on his bike and pedal down Midway Lane to his father's place of business. In the early years, he swept floors and other chores suitable to his ability. As time went on, he learned how to take care of the machinery; how to order parts and eventually to run the business.

When he was quite young, he felt that he was being picked on, but as time passed, he learned how very fortunate he was to have a father who took such an interest in him. He learned to count it a neat experience and prized his personal acquaintances with farmers of the old stock. He learned how to accept people as they are and to enjoy people while learning his trade.

Michael enjoyed his schooling at BYU, where he was majoring in business management. He was a member of the concert band, quite an honor. He was with the ROTC Band for two years.

At the time of the draft, Michael's lottery number was 360. They felt that there would be time for him to complete a mission so he was sent to North British Mission. He was there for two years and learned to love the country and the people.

Prior to going on his mission, Michael had been invited to the home of his old seminary teacher, Larry Call. There he met Mrs. Call's sister, Ann Winters. She was a student at BYU with music prominent in her plans of study. She was from Afton, Wyo.

Ann went on a mission to the Southern States after Michael left for Britain.

When Michael returned, he had to wait four months before she could come home. They were married in the Salt Lake Temple on June 19, 1969.

Ann was born and raised in Afton, Wyo. Her parents are Francis and Margaret Winters. She was the eighth of nine children. While in high school, she

played the flute in the high school band. She and her sister Mary often sang duets and quite often she and her brother, Wayne, sang together. At present, Ann and Michael sing duets — Michael has

a nice base voice.

Both Ann and Michael returned to BYU. He had three years to finish and she had two more years to go. This time she chose music as her major and fully intended to make a career of it. Before she was through with her Senior year, they had their first child, Eric, and she felt that her family life should come first. They now have these additional children: Paul, Rebecca Ann, Michael Scott, Krissan, David and another on the way.

About the time Michael graduated from the BYU, his grandmother Minnie McDonald died. The family bought her home. Ann and Michael moved in. Later, they bought a nice large brick home just a little south and a block east of the new Main Street heavy duty machine store on North Main. Michael had been made Vice President of Moulton's Incorporated upon graduation. On July 25, 1976, he was made Bishop of Heber First Ward. During his third year in this work, they sold their home and moved into a home on the road just south of the Heber Cemetery. Not long after this, the Heber First Ward was split into 1st-9th Wards. Michael then became Bishop of the new 9th Ward until he was released in September of 1981.

Michael recalls that the autumn of 1976 was an exceptionally busy year as he had been made fair chairman in August and Bishop of the large First Ward in July, but he came through all right and learned a lot.

Ann has been very busy caring for her children. In church, she has held the positions as Ward Choir Director. She is currently working as Stake Primary Music Director and she sings with the Choralettes.

Ann says that the people in this valley are a lot like those in Star Valley, Wyo. They love living in Heber City and they are near enough to Provo and Salt Lake City to engage in cultural events when they wish to do so.

velopment, Utah Vocational Agriculture Teachers Association, Utah Association of Vocational

Home Economics Teachers, Utah Association for the Education of

Young Children, Utah State Office of Education, Utah Vocational Association, Utah Professional Practices Advisory Commission and others.

Local schools in the county will be closed Oct. 8 and 9, so that teachers may attend the annual convention. Parents are made aware so that arrangements can be made to take care of children.

Present, Our Promise

books, *The Ghost Belonged to Me* and *Are You in The House Alone?* were adapted for film and appeared on national television. He won the Edgar Allan Poe Award from the Mystery Writers of America.

The convention's second day activities highlight workshops, lectures and similar sessions presented by dozens of education specialty groups.

"Middle Schools Take Root in Utah" will be the topic of a presentation by a new organization at the UEA Convention — the Utah Middle School Association.

Educators will hear about "The Present State of Fusion Research" and "Development of Geothermal Resources in Utah" at the Utah Science Teachers Association session.

One of the discussions for mathematics specialists will be on "Crisis: No or Few Math Teachers Being Trained in the State of Utah" for public schools.

Music educators will have a presentation on "How to Survive in The World of Budget Cuts."

The traditional Grand Festival Concert will conclude the convention on the evening of Oct. 9 in

the Hillcrest High School, 7350 South 9th East, Midvale.

The All-State Orchestra, Chorus and Band will perform in the concert. Performers are students from across the state who have been auditioned before acceptance for those three groups.

Guest conductors are Dr. Ed Thompson, University of Utah, All-State Chorus; Dr. Lawrence Christiansen, University of California, All-State Orchestra; and Dr. Earl Ericksen, Weber State College, All State Band.
